

LISI awarded Deloitte's Best Managed Companies label for the third time

Paris, June 28, 2024.

We are proud to announce that, for the third year running, LISI is one of the 19 French companies awarded the *Best Managed Companies* label for the 2024 edition. Created over 30 years ago by Deloitte Canada and launched in France at the end of 2021, this label rewards the excellence of companies that stand out for the quality of their management and their performance, following a rigorous and independent selection process. Companies are assessed on the basis of their long-term strategy, their talent management and innovation capacity, their CSR policy, as well as their governance and financial management. These criteria enable us to measure a company's differentiating factors, as well as its ability to address current and future challenges.

Obtaining this label is a real source of pride for the whole of LISI, and echoes our CSR approach, based on the 3Ps: PEOPLE, PLANET and PROFIT. It consolidates our commitment and pushes us to exceed our objectives.

The LISI Group is one of 19 French companies to be awarded the Best Managed Companies label in 2024. *"For this third edition in France, we are delighted to count LISI among the companies awarded our label of excellence Best Managed Companies"* says **Guillaume Detourmignies, Deloitte Partner in charge of the Best Managed Companies France program.**

"This exceptional third nomination testifies to our actions implemented with our 3P PEOPLE, PLANET, PROFIT approach. I underline the perseverance and commitment of our teams, who push LISI towards excellence and performance. The hardest thing is to stay the course over the long term." says **Emmanuel Viellard, CEO LISI.**

About the LISI Group:

LISI is a global industrial group specializing in the manufacture of assembly solutions and high value-added components for the aerospace, automotive and medical sectors. A partner to the world's leading players and driven by its long-term family values, LISI innovates and invests in the research and development of tomorrow's products; to meet the needs of its customers, particularly in terms of quality, safety and performance. The LISI Group differentiates itself by focusing on two strategic pillars: innovation and operational excellence, while integrating a strong CSR culture
