

## LISI awarded Deloitte's Best Managed Companies label for the fourth time

Grandvillars, June 20, 2025.

We are proud to announce that, for the third year running, LISI is one of the 28 French companies awarded the *Best Managed Companies* label for the 2025 edition. Deployed in France for the first time in 2021, the *Best Managed Companies* label was founded over thirty years ago by Deloitte Canada. The program is now present in more than 46 countries, certifying a total of 1,300 companies worldwide. Companies are assessed on the basis of their long-term strategy, talent management and innovation capacity, corporate culture and commitment, as well as their governance and financial management. These criteria make it possible to measure, on the one hand, the elements that differentiate the company and, on the other hand, its ability to respond to current and future challenges.

Obtaining this label is a real source of pride for LISI, and echoes our CSR approach, based on the 3Ps: People, Planet and Profit. It consolidates our commitment and pushes us to exceed our objectives.

The LISI Group is one of 28 French companies to be awarded the Best Managed Companies label in 2024. *"For this fourth edition in France, we are delighted to include LISI among the companies that have received our Best Managed Companies label of excellence."* says **Guillaume Detournignies, Deloitte Partner in charge of the Best Managed Companies France program.**

*"This fourth nomination, a valuable recognition, illustrates the effectiveness of our commitment to our CSR strategy and in particular our 3P approach: People, Planet, Profit. It reflects the consistency of our efforts and the unfailing commitment of our teams, who drive LISI towards ever greater excellence and performance. Because beyond success, the real challenge is to make it last."* says **Emmanuel Viellard, CEO LISI.**
