

## Spirit AeroSystems Recognizes LISI AEROSPACE for Superior Performance

**Paris, France, Sept. 1<sup>st</sup>, 2017** – LISI AEROSPACE announced today it received the 2017 Most Innovative Supplier award from Spirit AeroSystems for superior performance. Spirit recognized LISI AEROSPACE at the Spirit AeroSystems Suppliers Awards Dinner in Wichita, Kansas.

“Spirit cannot be successful without world-class partners,” said Tom Gentile, Spirit president and chief executive officer. “We are proud to recognize these suppliers for sharing our passion in delivering high-quality products on time. We look forward to collaborating with them in the future as we continue to meet our customers’ delivery needs and rate requirements.”

Spirit AeroSystems Supply Chain Management awards these honorees to recognize suppliers that have achieved superior performance, with nominations typically coming from the company’s procurement groups. Suppliers like LISI AEROSPACE can be nominated for offering outstanding support, expediting deliveries or providing weekend assistance.

LISI AEROSPACE is an historical supplier of Spirit AeroSystems supplying for decades mainly from its US based factories in Torrance (CA) and City Of Industry (CA) standard and specialty fasteners for aero structures and systems assemblies.

“This recognition of such a demanding customer as Spirit is a great incentive to pursue our policy of operational excellence and innovation,” said Jean-Louis Colders, CEO of LISI AEROSPACE.

More recently, teams have been working together to develop further the collaboration in terms of service level improvement as well as providing innovative solutions which can bring competitive advantages to Spirit AeroSystems. This concern for example new solutions on automated structural assembly, system and wiring installation as well as mechanical components such as latches.
