

## LISI AEROSPACE distinguished by AIRBUS for its high operational performances

**Paris (France) February 5th, 2018** - LISI AEROSPACE today received from Airbus two "Best Improvement" awards as part of the SQIP approach rewarding the progress of its performances:

- One of the awards is for the Fasteners Business and applies to the 11 factories that coordinate their efforts to deliver more than 10,000 different fastener part number on time and on quality.
- The other is related to structural parts (A350 frames, A320 NEO air intake lipskins) and rewards the efforts made to support the ramp-up and achieve the expected performance levels

LISI AEROSPACE has been a long-standing supplier of Airbus since the beginning of the aircraft manufacturer.

"In a context of manufacturing rate increase and technological changes, this recognition from a prestigious aircraft manufacturer is a great satisfaction for the LISI AEROSPACE teams and an encouragement to continue our strategy of operational excellence and innovation" said Jean-Louis Colders, Chief Executive Officer of LISI AEROSPACE.

These Awards crowns a year of 2017 marked by numerous awards for the AEROSPACE division of LISI, illustrating the acceleration of its customer intimacy policy, innovation, and industrial excellence:

- |   |           |
|---|-----------|
| - « Leap Together »                                   | SAFRAN AE |
| - « Supplier of the Year »                            | WESCO     |
| - « Detail Parts Partner Programme »                  | AIRBUS    |
| - « Most Innovative Supplier »                        | SPIRIT    |
| - « Gold Standard »                                   | PATTONAIR |
| - « Team of Excellence for the Maiden Flight of C919” | COMAC     |
